

About DriveTime

DriveTime is a unique company that is unlike your typical car dealer. Most dealerships try to avoid people with poor credit, but DriveTime is different because we specialize in getting people who have bad credit into a used car. We make this possible by doing 99% of all of our own financing for our customers. This allows us to consider financial aspects that a normal bank or lender would not. All of our Charlotte DriveTime stores offer financing on the purchase of your used car and we can almost guarantee that you will be approved!

Our financing is not the only thing that makes us different from most other car dealerships. DriveTime is known for our welcoming atmosphere and the family-like feeling that you get from our staff members. We know how hard it is to find a place that will work with your financial situation and help you find a used car that will not make your credit score even lower. Charlotte DriveTime has locations where you can count on finding a used car that you will be proud to call your own. We do not push you away because you have had a history of poor credit, but instead we encourage you to make your future financial situation better by selecting a vehicle that fits your lifestyle.

With several different locations carrying used cars, Charlotte DriveTime has a nice selection of high quality vehicles to offer our customers. To ensure that our used cars are in the best condition possible, each of our vehicles go through a rigorous 53-point inspection before they even arrive on our lots. We want you to feel that your vehicle is always performing at its highest level, which is why every used car comes with a standard DriveCare® Limited Warranty. Each used car Charlotte DriveTime locations sell is of the highest quality and our customers can have comfort knowing their vehicle is safe and reliable.
